Re: Beaver Valley Water Company
W-02015A-03-0724

It is my understanding that a hearing has been scheduled May 9, 2005 regarding ~~the right of intervention~~ as provided for under A.A.C. R14-3-105. I assume this is some form of ARS statute which is governs this procedure. I also understand that this must be filled or applied for by April 18, 2005.

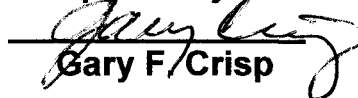

My name is Gary F. Crisp
882 Beaver Trail Road
Payson Arizona 85541
928-468-1468

I respectfully request that I be granted the right of intervention as a customer of the company, and a resident of the community it serves. It is my intent as an intervener to defend the current operations of the Beaver Valley Water Company against the efforts of a minority representation of the community to discredit it.

I would also represent that the Corporation Commission has failed dismally in rulings and actions regarding the status of rate increases. At one time I believed the Beaver Valley Water Company to be a business worthy of consideration of acquisition. It has now been driven into the ground as some resident's are using your inability to make firm the rate increase's as an excuse not to pay their bill at all. I believe the company is teetering on bankruptcy and it appears to me no means for it to catch up.

A copy of this letter has been sent to The Beaver Valley Water Company.

Respectively Yours

Gary F. Crisp
